PROJECTS

Blog Page / [NextJS,HTML,Tailwind CSS](#)

- Built a dynamic blog platform using Next.js 15, PostgreSQL, and Drizzle ORM. Implemented NextAuth.js for authentication and GitHub OAuth. Enabled CRUD operations, optimized SEO with SSR/SSG, and designed a responsive UI with Tailwind CSS. Deployed on Vercel for scalability and performance.

Stock Market Chart / [NextJS,HTML, Tailwind CSS](#)

- Developed a real-time stock market charting application using Next.js 15, PostgreSQL, and Drizzle ORM. Integrated financial APIs for live stock data. Implemented interactive charts with Recharts.js for data visualization. Optimized SSR/ISR for performance. Deployed on Vercel, ensuring fast, scalable, and secure data processing.
